

GPU Day 2020 - 10th anniversary event

Tuesday, October 20, 2020

Session II.: Understanding in the artificial intelligence: a mathematical approach (10:50 AM - 11:30 AM)

-Conveners: Antal Jakovac

Session II.: Image classification for biodiversity assessment and nature conservation based on acoustic recordings (11:30 AM - 11:50 AM)

-Conveners: Sándor Zsebők

Session II.: The breakdown of photon blockade: a first-order dissipative quantum phase transition – cloud-based simulation of open quantum systems (11:50 AM - 12:30 PM)

-Conveners: András Vukics
