

RMC-8(+1) Conference, Budapest

Thursday, 21 September 2023

Th2 - room 103 (11:00 - 12:50)

time	[id] title	presenter
11:00	[41] Combining Reverse Monte Carlo Analysis of X-ray Scattering and Extended X-ray Absorption Fine Structure of Very Small Nanoparticles	Prof. WINTERER, Markus
11:30	[45] Structural complexity in amorphous calcium carbonate	NICHOLAS, Thomas
12:00	[56] Changes in atomic structures on a Gd ₆₅ Tm ₃₅ glass by cryogenic rejuvenation	Prof. HOSOKAWA, Shinya
12:30	[81] Structural characterization of iron phosphate glasses by neutron diffraction in combination with Reverse Monte Carlo simulation	TOLNAI, István
