

RMC-8(+1) Conference, Budapest

Saturday, 23 September 2023

Sa2 - room 103 (11:00 - 12:40)

time	[id] title	presenter
11:00	[95] A generalized scheme for characterizing orientational correlations in condensed phases of high symmetry molecules: SF ₆ and C ₆₀	TEMLEITNER, Laszlo
11:30	[43] Probing NiO lattice dynamics by X-ray absorption spectroscopy combined with reverse Monte Carlo method	LUKASEVICA, Julija
12:00	[40] Machine learning assisted reverse Monte Carlo modeling for neutron total scattering data	ZHANG, Yuanpeng
12:30	[79] Closing	PUSZTAI, Laszlo
