

# Wigner 121 Scientific Symposium

## Wednesday, 20 September 2023

### Quantum Optics - Star auditorium (13:50 - 15:10)

-Conveners: Chair: Zsolt Kiss

time	[id] title	presenter
13:50	[36] Ultracold Bose Gases in Driven-Dissipative Environments	OTT, Herwig
14:30	[37] Photon-blockade breakdown as a first-order dissipative phase transition in zero dimension	VUKICS, András
14:50	[38] New approaches for quantum sensing with nitrogen-vacancy centers in diamond	PERSHIN, Anton
