

HCBM 2010 - Hot and Cold Baryonic Matter 2010

Wednesday, 18 August 2010

Statistical Approaches (09:00 - 12:30)

| time | [id] title | presenter |
|-------|---|--------------------------|
| 09:00 | [28] Facets of the QCD Phase Diagram | Dr KOCH, Volker |
| 09:45 | [26] Propagation of vector-meson spectral-functions and dilepton production at SIS18 energies | Dr WOLF, György |
| 10:30 | Coffee Break | |
| 11:00 | [29] Charmonium production and elliptic flow in heavy ion collisions | Prof. KO, Che-Ming |
| 11:45 | [30] Energy and system-size dependence of the chiral magnetic effect | Prof. TONEEV, Viacheslav |
